

**Neeraj Dhingra**

**Transportation and Logistics Graduate Student**

**Program:** Logistics and Supply Chain System

**Hometown:** Delhi-NCR (India)

**What do you like to do in your spare time?** I generally like to watch news and sports, cook authentic food, and talk to my family in my hometown.

**How did you become interested in your field of study?** I always wanted to do something like this and while doing my masters, I came to know about this program and after doing a detailed research I became interested in this field. Also, I believe that this program is the best fit for my personal and for career growth.

**What would your dream job be?** I would be happy to become a researcher. If not, the next dream job would be working for Multinational Companies (MNCs) in my home country i.e. India. Other than that, my dream job would be working as a Traveler for National Geographic.

**What are your goals or future plans?** My plans are to learn and upgrade my skills which could help me in becoming a good, qualified researcher.
