

Brandon Maurisak
Transportation and Logistics Graduate Student
Program: Master of Transportation & Urban Systems (MTUS)

Hometown: Merrill, Wisconsin

What are some of your hobbies? I like playing hockey, playing guitar, and biking.

How did you become interested in your field of study? My studies at Michigan Tech opened me up to public transportation and the efficiencies it can bring to society.

Why did you pick NDSU? NDSU offered a program that could work around my life and career as a transit engineer.

What do you like to do in your spare time? I enjoy playing goalie for hockey in a recreational league. I manage the merchandise for the Dark Clouds supporters group of Minnesota United FC.

What are your goals or future plans? My goal is to see the Southwest Light Rail extension through construction and use that experience and the MTUS as the backbone of my next career move.
