UGPTI COUNTY ASSET INVENTORY TOOLKIT

County Webinar
GRIT Viewer Release

Brad Wentz and Andrew Wrucke
Upper Great Plains Transportation Institute

Today's Agenda

- Review GRIT Construction Status along with any common issues or changes
- Demonstration of GRIT Viewer – GIS web map for all data
- Discuss other data layers – such as load restrictions
- Questions (Type in chat box anytime)

GRIT Construction Status/issues

- Construction Status – great job!!
  - Almost all Counties have some data entered
  - Only 5 or 6 Counties have most of it to finish
  - Mostly age and thickness…need to finish others
- Issues and tips
  - Only one segment…no overlaps
  - Waypoints in order…how to delete
  - Use snapping…
  - Now that data is in…how to update
