An interactive virtual meeting to look at the future of North Dakota's roadway network

Tuesday, July 21

1:30 PM – 4:00 PM CT

Registration is not required.

This event is open to everyone. Please share the link.

Our transportation network is changing. Where are we headed? How will we get there? How will we fund it? Success begins by understanding where we are today and setting a course for the future. Join us in a webinar that will examine a wide array of transportation issues, and provide information we need to plan ahead. Our panel of experts is ready to share information and they look forward to an interactive virtual meeting.

UGPTI Local Roads Needs Study Update, 2021-2040

- History, Purpose, Overall Process – Dale Heglund
- Unpaved Roads/Traffic Forecasts - Alan Dybing
- Paved Roads/GRIT – Brad Wentz
- Bridges/Summary – Tim Horner

Be the first to review the UGPTI draft document. This will be an opportunity to verify data and understand how a roadway network is analyzed. Information on roadway costs and projections for the next 20 years will be shared.

State Funding and Property Taxes for Infrastructure

- NDACo, Terry Traynor and Genny Dienstmann

How does our local transportation network get funded? NDACo will provide an update on its efforts to support local transportation leaders.

Bridge Inspection and NDDOT Info

- NDDOT, Bryon Fuchs

Bridges are a critical component in our roadway asset mix. The NDDOT Local Government Division will provide an update on the new local government bridge inspection program and share info about related efforts.

Western Dakota Energy Association Updates

- OPD and Oil Tax Review – Brent Bogar
- LoadPass Statewide Update - Janet Sanford
- Wise Roads – Geoff Simon

The discussion will begin with an overview of Operation Prairie Dog and oil tax revenue, followed by a review of LoadPass oversized truck permitting and the latest enhancements to that process, including plans to expand statewide. You'll also receive an update on the Wise Roads weather station project.

NDDOT Transportation Connection – A Shared Vision for Transportation in 2045

- NDDOT, Stewart Milakovic and Rebecca Geyer

The session will end with an invitation to help set the course for our future through a unique NDDOT Planning Division public input process.
