## COMPASS: FMCSA's Transformation Initiative

- ▶ An effort to transform the way FMCSA does business and to align their information technology with their business operations
  - During this process, systems will be integrated and modernized
  
- ▶ The COMPASS Pilot and Release 1
  - Includes functionality for companies and FMCSA internal staff
  - For companies, it will:
    - 1 – Combine data and information currently accessed through SAFER, A&I, and L&I sites
    - 2 – Provide a direct link to the DataQs system ([dataqs.fmcsa.dot.gov](http://dataqs.fmcsa.dot.gov))
