FMCSA Portal Access for Companies

May 2008

Discussion Points

- ▶ What is FMCSA's COMPASS Program?
- ▶ Expected Benefits for Industry
- ▶ FMCSA Portal Access for Companies
 - Overview of Functionality
 - Preview of the Portal
 - Detailed Functionality Review
 - Training and Account Registration
 - What to Expect Next

COMPASS: Program Description

COMPASS is a comprehensive overhaul of the way FMCSA and its partners collect, manage, and convey safety information.

- ▶ Will leverage new technology to transform the way FMCSA does business by integrating the Agency's information technologies with its business processes and practices
- ▶ A multi-year program with multiple releases of functionality to different user groups
- ▶ A collaborative effort with stakeholders

Expected Benefits for Industry

- ▶ **One location** to retrieve verifiable information that is protected from unauthorized access and alteration
- ▶ **Enhanced access** to carrier safety and operational data through the FMCSA Portal for authorized users
- ▶ **Automated** alerts sent to the right person for action
- ▶ Increased **self-sufficiency** for users (e.g., online help and account management)

FMCSA Portal Access for Companies

Portal Access Functionality/Benefits for Companies

- ▶ Authorized users have access to real-time company information including crashes, inspections, reviews, and cases closed with enforcement
 - Companies control who can/cannot access their information
 - Companies can now print or download Company Safety Profiles on an as-needed basis at no charge
 - Automated password reset and account unlock
- ▶ Authorized users have access to DataQs through the Portal without additional login
 - All users who are currently registered users of DataQs will need to re-register for access to this system via the Portal
- ▶ Context-sensitive online help is available, including access to training materials, and user feedback tools

Accessing Safety Profile

- Users may request a Company Safety Profile (or CSP) report under the Reports menu on the Company Home Page

The screenshot shows the FMCSA Portal interface. At the top, the 'Reports' menu item is circled in red. Below it, the 'Safety Profile' option is highlighted. The main content area is divided into three columns:

- Alerts:** Contains an 'Alert List' section with a scrollable area.
- Company Activity:** Includes a 'Summary' section with links for 'Crash List', 'Inspection List', 'Review List', and 'Cases Closed with Enforcement List'. Below this is a search filter for 'LAST YEAR' and a 'View Full Report' button. A table lists investigation records:

Investigation #	Date	Amount
NM-2007-8006-U	10/12/2006	\$625
AZ-2006-0422-U	10/17/2006	\$1,000

NM-2007-8101-U	02/27/2007	\$1,000
CA-2007-0367-U	04/11/2007	

- Company Information:** Lists various registration and facility information, including 'USDOT Registration', 'Cargo Tank Facility', 'Hazardous Materials', 'Operating Authority', 'SafeStat Information', and 'Inspection Selection System (ISS) Info'. The ISS info shows a score of 97 and a recommendation of 'INSPECT' based on 'SAFETY'.

At the bottom left, there is a 'Tasks' section with a table:

Training and Account Registration for Portal Access

- ▶ Self-paced training is highly recommended for both the Company Official and Company Access roles
- ▶ By the time company users register for a Portal account, your company should have designated a Company Official to administer access to company safety records
 - This Company Official will process account registration requests online

Requesting an Account

- ▶ An FMCSA Company Official in possession of their USDOT Number PIN may request a Portal account as the authorizing official for their company's FMCSA data
 - Company Officials are responsible for approving or denying account request for access to the FMCSA data stored under their company's USDOT Number

- ▶ Any employee (or affiliate) of a company (that is registered with the FMCSA) may request a Portal account as a Company User
 - Company Users can request access to the FMCSA data stored under their company's USDOT Number(s)

- ▶ Users do not need to be actual employees of a company, but must be an individual who the company official will approve access rights

FMCSA Portal Account Requests Overview

- All Company Officials may request a Portal account via the FMCSA Portal login page

Request an Account (Official) – Step 4a (continued)

- Each company can only have one Company Official
- If a user requests administrative access to a USDOT# that already has a Company Official registered in the Portal, a *USDOT Number Error* message will appear

USDOT Number Error

We're sorry, but we are unable to process this request.

FMCSA Portal rules allow for only one administrative account per USDOT number. The USDOT number already has an administrator held by:

Joe Somebody
1234 Some Place
Somewhere, AK 123456
303-123-4567

Would you like to contest this with the FMCSA Chief Accounts Officer?

Request an Account (User) – Step 4
