A UNIFORM SYSTEM FOR THE PERMITTING OF OVERWEIGHT & OVERSIZED LOADS ON PARTICIPATING COMMUNITY ROADWAYS

OVERWEIGHT / OVERSIZED TRUCK PERMITS

We are the connection between local governments and the large load hauling industry for road information and requirements. Users can conveniently purchase e-permits directly online quickly and easily.

RESTRICTED COUNTY ROADS

Member communities often find the need to restrict the allowed weight on their roads due to the ever-changing North Dakota weather and road conditions. The LoadPass website provides a restricted road map for users to refer to for restricted road information, as well as updates.
