

Professional Development Hours Credit Statement for Registrant’s Records

Many licensing and certification agencies require the demonstration of continuing professional competency. To our knowledge, this conference meets the continuing education requirements for Professional Development Hours (PDH) units. This form is for your use in maintaining a record of the hours that may qualify as PDH’s by attending sessions at the conference.

We recommend you save the final agenda for your records should the licensure or certification agency request information from you. Reporting is done on an honor basis. Members are responsible for maintaining their own records and for determining the applicability and acceptance with their respective licensing/certification organization.
