***Just outside Flagstaff,  
AZ on U.S. Hwy 100 . . .***

The pickup broke through the guardrail on the right side of the culvert. It was traveling about 75 mph from right-to-left as it crashed through the guardrail. Then, it probably spun 180° clockwise, riding the barrier above the culvert, landing right-side-up on the other side, facing the opposite direction. The 22-year-old driver and his 18-year-old passenger were unhurt except for cuts and bruises.

***Lucky  
Landing!!!***

# *Cargo Securement*

**Cargo shifts: 4.5% of all combination-unit truck at-fault crashes in the LTCCS!  
Most common vehicle CR for CUTs.**

A decorative border of pink and purple swirls and dots on a black background. The border consists of a repeating pattern of stylized, flowing lines in shades of pink and purple, interspersed with small, light blue dots. The overall effect is a vibrant, ornate frame surrounding the central text.

The End!
